## Product Summary

This pen comes in either a fountain pen or rollerball pen. The wood is a rare satinwood burl which is a beautiful, exotic hardwood from southeast Asia with incredible color and the highest burl eye count of any wood.

The pen is a classic round top Sedona style which has beautiful decorative band. The writer has the ability to "post" the cap onto the pen body for writing and storage convenience. The rollerball assembly includes a rhodium-plated pen nib with a black premium Schmidt steel cartridge refill with a ceramic point (included in the purchase of your pen) and refills refills for these universal cartridges can be found at any office supply store. If you choose a fountain pen it will come with a medium iridium nib.

This pen went through 16 sanding applications and was finished with cyanoacrylate (CA) that gives it a deep, mirror-like finish that holds up to scratches and will last for years

The pen measures 5.0 inches in length when closed and 6.25 inches with the cap posted.

The pen you see in the image is the one you will receive. You will also receive a free velvet pen sleeve to protect your pen or to present as a gift.
