Product Description

This ballpoint pen is made with inlaid acrylic and the “molten metal” color of material delivers incredible colors and depths. The colors really pop when seen in true light! This is a cigar pen style with gold and black highlights in the cap, center band and nib. The Parker style cartridge extends with a dual twist mechanism. The overall length of the pen is 5.50 inches.

After turning was completed, the finish was wet-sanded with progressively finer

grits and then polished to a high luster that will last for years.

You will also receive a free protective velvet pen sleeve to present as a gift or to protect your pen plus a Certificate of Authenticity, and instructions for caring for your pen. Most orders are shipped within 24 hours after purchase. Thank you for visiting!
