Product Description

This Princeton style pen is modern, sleek and stylish. The wood used here is Bloodwood that delivers a deep, rich red color when turned and finished. The pen features a classic style roller clip, utilizes a smooth operating single twist transmission, and is complemented by the Parker-style ball-point pen refill. Plating is Titanium Gold which provides a Rockwell hardness of approximately 85.

This pen went through 16 sanding applications and was finished with cyanoacrylate (CA) that gives it a deep, mirror-like finish that holds up to scratches and will last for years.

Impress your friends with this eye-catching pen! Or, give one as a gift to someone special or for a special occasion such as birthdays, graduations, Fathers/Mothers Day, or for employee recognition events.
