Product Description

This European or "Mont Blanc" style dual-twist ballpoint pen is made from beautiful maple burl which delivers wonderful swirls and grain patterns. This is one of the few pens in this style that carry the popular Parker type refill (rather than a Cross type refill). What is also unique is the clip which has a roller which helps the clip glide over your shirt pocket.

This pen went through 16 sanding applications and was finished with cyanoacrylate (CA) that gives it a deep, mirror-like finish that holds up to scratches and will last for years

The length of the pen is approximately 5.625 inches. The pen in this image is the one you will receive. You will also get a free velvet protective pen sleeve, certificate of craftsmanship and authenticity, my 100% guarantee and my sincere thanks for being a customer!

Thank you for visiting.
