Product Description

Note: this pen can be converted into a rollerball pen if desired. Make a statement with this pen! The Majestic series of pens are the boldest of the pen styles and most impressionable in terms of styling and others will turn their head when they see this pen in your hand!

This beautiful and elegant fountain pen was made from dark maple burl with magnificent grain patterns and cream colored swirls. The pen has beautiful sculpted gold patterns on the top of the cap and center band. A rhodium-plated clip includes a sparkling Swarovski clear crystal. The Majestic Jr. style of pens feature the ability "post" the cap onto the pen body for writing and storage convenience. The pen has a regal feel and is accented with rhodium-plating on all components. The rollerball assembly includes a rhodium-plated pen nib with a black premium Schmidt steel cartridge refill with a ceramic point (included in the purchase of your pen).

After multiple sanding and polishing steps by hand have been completed, a durable CA finish has been applied to protect the pen and for you to enjoy it for years to come.

The pen measures approximately 5.625 inches.
