### Product Description

Be reminded of the ocean when you write with this pen! This beautiful segmented pen show off the pen-maker's skill! It is made with portions of abalone colored acrylic cut diagonally and paired with a violet colored acrylic segmented by a band of white acrylic. The colors have incredible depth and swirls of green, violet, and gold. The colors must be seen in true light!

This is a Streamline pen that is slightly wider at the mid-section than other "slimline" pen and has a classy center band. The Cross style ink cartridge extends with a twist mechanism. The length of the pen is approximately 5.25 inches. The acrylic was sanded with progressively finer grits and then finished with cyanoacrylate (CA) that gives it a deep, mirror-like finish that holds up to scratches

and will last for years.

The pen in this image is the one you will receive. You will also receive a free protective velvet pen sleeve to present as a gift or to protect your pen plus a Certificate of Authenticity and instructions for caring for your pen. Most orders are shipped within 24 hours after purchase.
