## Product Description

Note: I will be on vacation from Dec 21 to January 5. Any orders processed during this time will be shipped on Jan 6, 2014. However, to make up for this I am offering 15% off all my pens during this period. Use coupon code XMAS2013 at checkout. Thank you!

Now this is a special pen! During a recent trip to Japan, I acquired a piece of Red Sandalwood, which comes from India, is rare, and is generally reserved for production of the traditional Japanese "shamisen" guitars. The wood has a rich, deep red color with a few subtle tan streaks and it polishes well.

This Navigator style pen has a six faceted nib holder and is accented in gold and black. A quality ceramic rollerball ink cartridge comes with the pen.

This pen went through 16 sanding applications and was finished with cyanoacrylate (CA) that gives it a deep, mirror-like finish that holds up to scratches and will last for years

The cap can be screwed or "posted" to the bottom portion when writing. The pen measures 5 inches in length when closed or 6 inches when posted and has a nice feel and balance when in the hand.

Impress your friends with this eye-catching pen! Or, give one as a gift to someone special or for a special occasion such as birthdays, graduations, Fathers/Mothers Day, or for employee recognition events.
